

**Listing Of Claims**

The following listing of claims will replace all prior versions and listings of the claims in the application:

Claim 1 (previously amended): A computer-implemented method for recruiting athletes that enables athletes to search a database of numerous schools to enable the athletes to match their skills with schools seeking their specific skills, comprising:

providing a Web site that includes a searchable database of schools seeking to recruit athletes;

providing a search criteria input system which implements an electronic search input process, the criteria input system providing athletes with various search criteria from which athletes may choose to vary the scope of a search for schools seeking athletes;

providing a school display system which displays recruiting information about the schools matching the search criteria inputted by the athletes that enables the athletes to match their skills with schools seeking their specific skills, the recruiting information being stored in the searchable database of the Web site; and

displaying detailed recruiting information about a school selected by the athletes.

Claim 2 (canceled).

Claim 3 (original): A computer-implemented method for recruiting athletes as recited in claim 1, wherein the search criteria comprises one of a position sought by the athlete, a state where a school is located, a sport sought to be played by the athlete, and a region of the country where a school is

located.

Claim 4 (original): A computer-implemented method for recruiting athletes as recited in claim 1, wherein the athlete may type in any part of a school name to see if that college is listed in the searchable database of the Web site.

Claim 5 (original): A computer-implemented method for recruiting athletes as recited in claim 1, wherein the providing a school display system step comprises comparing a search criteria inputted by the athlete to information listed in the searchable database of the Web site.

Claim 6 (previously amended): A computer-implemented method for recruiting athletes as recited in claim 1, wherein the detailed recruiting information about a school selected by the athletes comprises one of head coach name, head coach information, recruiting philosophy, assistant coach name(s), players needed, college nickname, college affiliation, conference, the conference NCAA Ratings Percentage Index (RPI), previous year record, RPI/Dunkel index rating, previous year accomplishments, record for the past three years, accomplishments for the past three years, and link to the school web site.

Claim 7 (previously amended): A system for recruiting athletes that enables athletes to search a database of numerous schools to enable the athletes to match their skills with schools seeking their specific skills, the system comprising:

a memory configured to store instructions; and

a processor configured to execute instructions for:

providing a Web site that includes a searchable database of schools seeking to recruit athletes,

providing a search criteria input system which implements an electronic search input process, the criteria input system providing athletes with various search criteria from which athletes may choose to vary the scope of a search for schools seeking athletes,

providing a school display system which displays recruiting information about the schools matching the search criteria inputted by the athletes that enables the athletes to match their skills with schools seeking their specific skills, the recruiting information being stored in the searchable database of the Web site, and

displaying detailed recruiting information about a school selected by the athletes.

Claim 8 (canceled).

Claim 9 (original): A system for recruiting athletes as recited in claim 7, wherein the search criteria comprises one of a position sought by the athlete, a state where a school is located, a sport sought to be played by the athlete, and a region of the country where a school is located.

Claim 10 (original): A system for recruiting athletes as recited in claim 7, wherein the athlete may type in any part of a school name to see if that college is listed in the searchable database of the Web site.

Claim 11 (original): A system for recruiting athletes as recited in claim 7, wherein the providing a school display system instruction comprises comparing a search criteria inputted by the athlete to information listed in the searchable database of the Web site.

Claim 12 (previously amended): A system for recruiting athletes as recited in claim 7, wherein the detailed recruiting information about a school selected by the athletes comprises one of head coach name, head coach information, recruiting philosophy, assistant coach name(s), players needed, college nickname, college affiliation, conference, the conference NCAA Ratings Percentage Index (RPI), previous year record, RPI/Dunkel index rating, previous year accomplishments, record for the past three years, accomplishments for the past three years, and link to the school web site.

Claim 13 (previously amended): A computer readable medium that stores instructions executable by at least one processor to perform a method for recruiting athletes that enables athletes to search a database of numerous schools to enable the athletes to match their skills with schools seeking their specific skills, comprising instructions for:

- providing a Web site that includes a searchable database of schools seeking to recruit athletes;

- providing a search criteria input system which implements an electronic search input process, the criteria input system providing athletes with various search criteria from which athletes may choose to vary the scope of a search for schools seeking athletes;

- providing a school display system which displays recruiting information about the schools matching the search criteria inputted by the athletes that enables the athletes to match their skills with

schools seeking their specific skills, the recruiting information being stored in the searchable database of the Web site; and

displaying detailed recruiting information about a school selected by the athletes.

Claim 14 (canceled).

Claim 15 (original): A computer readable medium as recited in claim 13, wherein the search criteria comprises one of a position sought by the athlete, a state where a school is located, a sport sought to be played by the athlete, and a region of the country where a school is located.

Claim 16 (original): A computer readable medium as recited in claim 13, wherein the athlete may type in any part of a school name to see if that college is listed in the searchable database of the Web site.

Claim 17 (original): A computer readable medium as recited in claim 13, wherein the providing a school display system instruction comprises comparing a search criteria inputted by the athlete to information listed in the searchable database of the Web site.

Claim 18 (previously amended): A computer readable medium as recited in claim 13, wherein the detailed recruiting information about a school selected by the athletes comprises one of head coach name, head coach information, recruiting philosophy, assistant coach name(s), players needed, college nickname, college affiliation, conference, the conference NCAA Ratings Percentage Index
